## GRANT APPLICATION FORM

Washington State cycling teams in good standing with USA Cycling and other cycling organizations in Washington may request support from the WSBA for programs in any cycling discipline. Applications are encouraged from teams and organizations seeking to promote cycling by organizing a camp or clinic, especially for juniors and women. The WSBA cannot grant funds to an individual but may, as an organization, send a **qualifying** individual WSBA member to national and/or world events. An organization (such as the Marymoor Velodrome Association or CycleU) may apply for aid to support purchases that will benefit the greater cycling community.

Recipients of WSBA grants are ineligible for support from other organizations under the WSBA umbrella (such as the juniors and women's series).

Be explicit and include as many details as you can (you may expand the length of the form). This form should be submitted at least 90 days before funds are needed, and receipts documenting expenditure of all grant funds must be submitted within 30 days of the event. Other financial documentation may be required.
